Number Day 2024 Dear Parent

We are delighted to be supporting the NSPCC by taking part in
Number Day on Friday 2 February 2024.

Making maths meaningful

Number Day is a great way to make maths fun and bring about a positive, 'can-do' attitude towards it. Each class will be doing fun maths activities in the classroom and we will be taking part in *Dress up for Digits*. Pupils are asked to wear something maths related. This could be an item of clothing with a number on it or something with a shape or pattern e.g. stripes, spots or repeating patterns. To help raise money for the NSPCC, we are asking for a donation please, and we'd love everyone in the school to take part in this special event.

Important/ favourite/ significant numbers

Please could you help your child choose a number that is important to them. It may be how old they are, how many pets they have, how many steps to walk to school, how many days until their birthday, how many teddies they have in bed or anything you can think of. Help them to complete the card overleaf and bring it to school on number day to share with their class. Be as creative and colourful as you can!

It all adds up

We're really looking forward to all the fun of Number Day, and we really appreciate your support. All the money we raise will make an enormous difference to children today and help the NSPCC be there for children tomorrow.

You can find out more about the NSPCC's work at nspcc.org.uk
